Putzmeister Quality

Putzmeister Parts

Not all parts are created equal. Quality wear parts are a Putzmeister hallmark. Offering longer lasting, better performing parts under increased wear conditions, Putzmeister is committed to greater savings and less downtime. Craftsmanship and the finest materials ensure reliability and value. Call or visit us online for fast and easy ordering.

Concrete Coating Products

Stop Stik™ is an advanced spray-on solution that prevents concrete from sticking to equipment surfaces. Stop Stik makes cleanup quicker and easier, getting workers home or to the next job site faster. Ideal for most Putzmeister equipment, including truck-mounted concrete boom pumps, large line trailer pumps, Thom-Katts® and mortar machines.

Pro-Prime Putzmeister Pro-Prime enhances the pumping process with much longer system runs while facilitating lower line pressures and decreasing wear on equipment. This patented non-alkaline formula is environmentally friendly and handles difficult mixes with ease. It only takes five minutes to mix, hydrates faster and will not dry out concrete.

Item	Description	Part Number
Chemical Coatings		
Stop Stik	11 oz aerosol can	A120015
Stop Stik	1 gal bulk liquid	A120016
Stop Stik	5 gal bulk liquid	A120017
Spray Applicator	2 gal — chemical resistant	A120018
Seal Kit	For the spray applicator	A120019
Pro-Prime	50-bag bucket	A120014

Accessories

Item	Description	Part Number
Protective Bell	Use a 2-meter delivery hose and a 2-meter end hose instead of a 4-meter end hose. Protective bell covers the coupling to prevent injuries	
Protective Bell	For DN125	447517

Item	Description	Part Number
Shut Off Valve	<ul style="list-style-type: none"> • Solid rubber, simple and robust • Pneumatically operated • Tight close • Flexible positioning on the hose • Reduce danger of injury caused by metal parts • Pull over the nozzle at the tip of the boom 	
Shut Off Valve	OD 125mm/ID 180mm	447574

Item	Description	Part Number
Field Safety Kit	Includes a hard hat, safety vest, gloves and glasses

Outrigger Pads		
Outrigger Pad	Nylon 605 x 605 x 50 for 42m and up	453593
Outrigger Pad	Wood 600 x 600 for 40m and down	A126017

Accessories

Hose Accessories

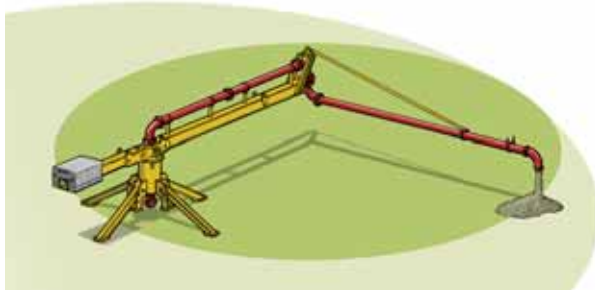

Much lighter than traditional steel hose caddies, Putzmeister's **Hose Skid** makes it easier to relocate hoses. It is made of strong shock- and abrasion-proof polyurethane and fits common hose sizes.

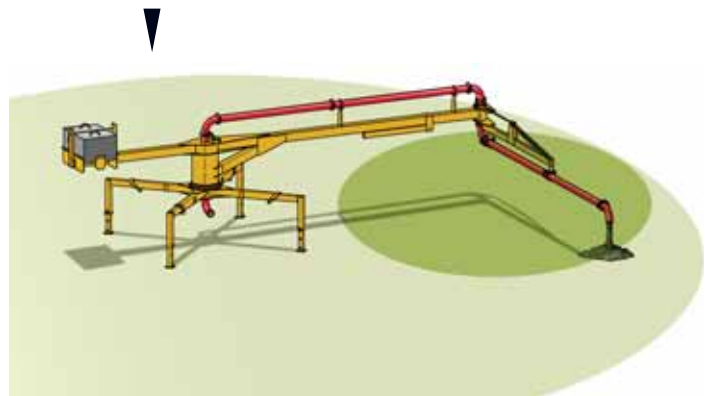

Item	Description	Part Number
Hose Skid		
Hose Skid	4" to 5" cpl	482464
Tie Down Straps	2500 x 20	482402

Rotary Distributors

Lightweight and compact, Putzmeister **Deck Placers** are ideal for situations when truck-mounted boom pumps and tower-mounted placing booms are impractical or have access restrictions. The RV 10 is best suited for smaller job sites, while the RV 13 handles larger applications.

Item	Description	Part Number
Deck Placers		
RV 10	Place concrete in areas of up to 320m ² from one fixed location.	426078
RV 13	Place concrete in areas of up to 450m ² from one fixed location.	467517

Accessories

Wall Thickness Gauges

Practical and easy-to-operate, Putzmeister **Wall Thickness Gauges** help you quickly determine the values of your wear parts. Use on steel and other home genius materials (aluminum, cast iron, etc.) for precise measuring accuracy.

Item	Description	Part Number
Wall Thickness Gauges		
Manual Thickness Gauge	Ideal for two-layer pipes.	454460
Ultrasonic Liquid	Facilitates gauge use.	254025006
Electronic Thickness Gauge	Wall thickness gauge with integrated calibrator disc for zero-adjustment, test head with 47" long connection cable, one battery, ultrasonic liquid and plastic case.	277434001
